PATHFINDER SECOND EDITION ICONS

Note: this is a true font using ligatures so changing the color of the text changes the color of the Icons!

An example of how to use the Pathfinder Icons Font.

Place the text, complete with brackets, in the place you want the icons to appear. Then during layout, I will convert the text to the Pathfinder Icons font provided by Paizo. The font replaces the text with the desired symbol.

Symbol	Action Type	Text
	One Action	[one-action]
	Two-Action Activity	[two-actions]
	Three-Action Activity	[three-actions]
	Reaction	[reaction]
	Free Action	[free-action]

So when you want to use the icon type the following:

Sudden Charge [two-actions] FEAT 1

When the font is applied it will come out as:

Sudden Charge  FEAT 1
